

Retractable Ladder (Commercial) Technical Data Sheet

Description

The Sellwood range of heavy duty, commercial aluminium retractable ladders provides safe, easy access onto roofs, mezzanine floors and platform areas at height, where the landing area below needs to be kept clear of obstruction. The unique spring and stay system allows the ladders to be easily pulled down from the ceiling and folded back up when not in use. The heavy duty aluminium ladder and steel componentry allow for longevity in a commercial environment. The Sellwood range of aluminium retractable ladders is suitable for heights up to 3.66 metres.

Retractable Ladder (Commercial) Range

| Model | Ceiling Height | Opening Required | Weight |
|-------|-----------------|------------------|--------|
| A25 | 2300mm – 2450mm | 1400mm x 650mm | 35Kg |
| A28 | 2550mm – 2700mm | 1400mm x 650mm | 36Kg |
| A36 | 2700mm – 3660mm | 1400mm x 650mm | 42Kg |
