**2x Single Swivel**

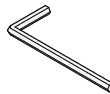

**1x Chain**

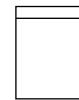

**4x Pipe Vertical Posts (980mm)  
4x Pipe Side Rails**

**1x Post Cap**

**1x Allen Key**

**1x Bag Fixings**

## Instructions

Bolt base flanges onto corner brackets then bolt onto roof hatch.

Insert vertical posts into base flanges.

Feed short tees & three way mid corner with side rails attached over the vertical posts & fix at mid point.

Feed single swivels over vertical posts at entry/exit side & position about 30mm from top of post then attach chain.

Feed the elbows & three way top corner over the vertical posts with side rails attached.

Place the post cap over single vertical post.

Make sure all pipe clamps & fixings are securely fastened.
