

Description

The Sellwood range of residential retractable attic ladders provide safe, easy access to the space between the roof and ceiling in the home, for storage or maintenance purposes. A unique spring and stay system allows the ladders to be easily pulled down from the ceiling and folded back up to the ceiling when not in use. The Sellwood range of residential retractable attic ladders can reach stud heights of 3.6 meter and come in a variety of sizes and specifications.

Retractable Ladder (Residential) Range
