

Installation Instructions
Roof Hatch Barrier

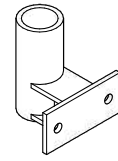

4x Elbow

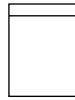

1x Allen Key

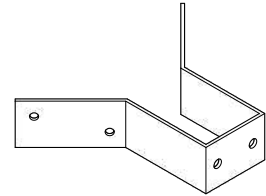

4x Base Flange

4x Short Tee

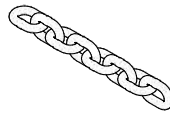

1x Bag Fixings

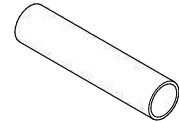

4x Corner Bracket

2x Single Swivel

1x Chain

4x Pipe Vertical Posts (980mm)
4x Pipe Side Rails

Instructions

Bolt base flanges onto corner brackets then bolt onto roof hatch.

Insert vertical posts into base flanges.

Feed short tees with side rails attached over the vertical posts & fix at mid point.

Feed single swivels over vertical posts at entry/exit side & position about 30mm from top of post then attach chain.

Feed the elbows over the vertical posts with side rails attached.

Make sure all pipe clamps & fixings are securely fastened.
